Delovni stol višjega srednjega razreda z ergonomsko oblikovanim sedišcem za dolgotrajno dnevno uporabo. Namesto vzglavnika ima povišan naslon, na katerem je pritrjena blazinica, ki je tapecirana z enakim materialom kot sedišče. Sedišče je lahko tapecirano v blago, umetno usnje ali naravno usnje.

Mid-to-upper class work chair with an ergonomically shaped seat for prolonged daily use. Instead of a headrest it has an extended backrest with an attached cushion upholstered in the same material as the seat. The seat can be upholstered in fabric, synthetic leather or natural leather.

Ergonomic seat for prolonged daily use
